

Solid Waste Management

As per Fourteenth Finance Commission, Performance Grant Scheme 2017-2020 toolkit, Para 4-Category C (3-B), the extent of compliance of Solid Waste being processed scientifically should be expressed as percentage of total quantum of waste disposed at landfill sites, including open dump sites.

Further, it is stated that, Bhimavaram Municipality is disposing of 100 percentage of solid waste at Open dump sites. In addition to this, process has been initiated to establish Waste to Energy/Waste to Compost plants duly forming clusters and tenders also have been finalised and agencies fixed and establishment of Waste to Energy/Waste to Compost plants are in process. Hence, we are claiming '10' out of '10' marks for this activity.
